

# WELDING TECHNOLOGY

*Welding Technology offers students a modular based curriculum in a one- or two-year format including technical courses in basic and pipe welding, and/or advanced welding.*

[www.emcc.edu/welding](http://www.emcc.edu/welding)

The **Welding Technology** program combines technology theory courses with a variety of general education courses.

- Graduates enjoy employment opportunities in a variety of technical environments including bridge and building construction, metal fabrication, shipbuilding, power generation, petro-chemical industry, and paper industry.
- The first-year welding curriculum offers training in basic and pipe welding techniques utilizing the shielded metal arc welding process. The second-year welding curriculum offers training in advanced and pipe welding techniques utilizing the gas metal arc welding and gas tungsten arc welding processes.

**EMCC students enjoy small class sizes, supportive faculty, transferable courses and leadership/engagement opportunities all for under \$4,000/year.**

*(Most programs, based on 30 credit hours, in-state rate of \$96 per credit hour)*

## We have TWO residence halls on campus!

Kineo Hall houses students in “blocks” (two double-occupancy rooms with four people of the same gender) or triple-occupancy rooms. Each is individually climate controlled and shares a common bathroom, with double sinks, a shower and a toilet stall.

Acadia Hall houses students in corridor-style double or triple occupancy rooms.

A meal plan is mandatory for anyone living in residential housing on campus.

Studies show that students who live on campus not only tend to have higher GPA's, but they are also more likely to complete their education and get more out of their college experience.

Visit [www.emcc.edu/housing](http://www.emcc.edu/housing) to learn more. Apply early, space is limited!

*Still in high school? Concurrent enrollment agreements with many high schools and technical education centers are available. Information can be found online at:*

Did you graduate from high school in 2022, 2023, or 2024 or will be graduating in 2025?

Then you may qualify for the *Maine Free College Scholarship* at EMCC!

*Did you know EMCC has its own foundation?*

Each year, our Foundation gives out over \$100,000 in scholarships to EMCC students. Visit [emcc.edu/foundation](http://emcc.edu/foundation) to learn more and apply.
